QUALITY POLICY STATEMENT

Southey Offshore is committed to excellence and strives in its operations, services and regions in ensuring that the highest standards of quality, safety, health and the environment are maintained throughout all stages of customer contract performance; since we view customer satisfaction and continual improvement in our methods to be of the utmost importance to our business.

The responsibility for quality shall be vested with every employee of Southey Offshore from the Managing Director down; as we all know that our actions determine our commitment to providing quality products and services to our customers.

Our quality goals are:

- To implement and maintain an effective quality management system complying with ISO 9001:2008;
- To ensure customer satisfaction by providing high quality and professional services;
- To create a culture where staff are skilled and empowered to take responsibility for the results of their actions which contributes to the success of the Company;
- To strive for continual improvement;
- To identify, correct, and prevent any deficiencies within all our operations;
- To ensure compliance with relevant standards, specifications, laws, regulations, safety and health and environment;
- To achieve our strategic business goals and objectives.

.....
Rainier Kruisinga
 (QA/QC Engineer)
